

Kivu Freight — Investor One-Pager (synthetic, acceptance test)

Kivu Freight is a digital freight-matching platform for cross-border trucking between Kenya, Uganda and Rwanda. Shippers post loads; vetted truckers bid; Kivu handles escrow, documents and border clearance.

Traction

- Monthly gross merchandise value reached USD 412,000 in August 2026.
- Our anchor customer is the Mombasa Grain Millers Cooperative, which moves 38% of our loads.
- 1,140 active truckers on the platform; average load-to-match time is 47 minutes.

Team

Founded in 2024 by Wanjiru Kamau (CEO, ex-Maersk East Africa) and Daniel Otieno (CTO).

The raise

Raising a USD 1.2M seed round to open the Dar es Salaam corridor.
